

# Covid 19 Mask Wearing is Evil

By Darrell Farkas

I never thought I would have to write about such an unusual issue - the evil of wearing a mask during the Covid 19 contagion.

Please do not take this as a condemnation of Christians who have simply done “as they are told” because they haven’t checked into it. For these, there is probably a sense of, “What could possibly be evil in it?” Many probably think those who refuse to wear masks have a defiant spirit and don’t want to be told what to do. If you are one of these, I ask you would read what I have written and do further research to check out the issue at hand.

Second, I would like to comment that surgical mask wearing does have its appropriate place. When a surgeon is operating on a person, it helps avoid spittle, or the like, from falling

from the surgeon into the open patient. It really would help avoid infecting him with some bacteria. Add to that the fact the surgeon only needs to wear these masks when in the surgical theater.

I came across a good article entitled, “*Occult Ritual Transformation and Coronavirus: How Mask Wearing, Hand Washing, Social Separation and Lockdowns Are Age-Old Occult Rituals Being Used to Initiate People Into A New Global Order,*” written by Steve Barwick at [www.haveyenetread.com](http://www.haveyenetread.com). It’s a lengthy article and definitely has a “conspiratorial” sounding title. I feel his article is mostly dead on. There comes the thought though of, “how are we to know if he has gone out of line, over-reading into the events or is he right?”

I believe God has supplied me with the answers to this question.

**“Coincidence” changes to “evidence” when it happens too many times:**

## 1. CORONA math

For the numerical value of the English letters, the following is commonly used. The letter’s place in the alphabet gives it its value. Even President Trump used to have a car with the personalized license plate of, “41020”, which are the numerical values of his initials. So look at the following:

C	-	3
O	-	15
R	-	18
O	-	15
N	-	14
<u>A</u>	-	<u>1</u>
<b>6</b>		<b>66</b>

At face value this is interesting. It might cause the viewer to make a double-take in their stride. Interesting.

Worth remembering, but on its own it’s not enough to make something of it.

## 2. Covid 19 Hebrew meaning:

כבד יט  
כבד is the word for Cvd

ט is the value of 9  
י is the value of 10  
We find a similar form in Isaiah 21:15 of כַּבֵּד and has been translated in various ways in different translations as, “stress, distress, grievousness”.

The number is written in Hebrew with letters. My Hebrew bible has יט next to the 19th chapter of Genesis. That is the standard for Hebrew numbers. These figures are also pictographs. That means they are mini-pictures. Hebrew also reads right to left.

The “yod - י” is a “working hand”, very specifically one that is working. It is even shaped like a little fist.

The “tet - ט” is a “serpent”.

Putting this together, we find a sentence in this foundational biblical language. I have encountered people hiding symbolism using Hebrew words to communicate something that they don't want everyone to see.

Look at the Hebrew message of Covid 19: "The grievous working hand of the serpent". Coincidence? If so, that is coincidence #2 and is adding towards the weight of switching "coincidences" to the "evidence" column.

### 3. Nezer meaning and symbolism

נזר is the word for nezer. This is another of those Hebrew words. It figures into this conversation.

Nezer is primarily the word for "consecration" and "to be set apart". It is used of the Nazarite in Scripture. A Nazarite was someone, man or woman, who set themselves aside for special service for God. It was for however long they desired. Samson was a Nazarite from the womb for life, but most were not like this.

The less used meaning of this nezer was "crown". The King James Version translated it thus a few times.

The word "Corona"

is Spanish for "crown". The concept of "crown" clearly has the meaning of a special consecration, being set aside for service to God in the Hebrew mind-set. In the pagan, globalist framework, that consecration of the world's population would be to satan and antichrist under the new world order. We can note that "Corona" speaks of religious consecration.

If this was simply a "coincidence", we are starting to get too many to easily write off as such and we are not done yet!

### 4. The Economist prediction cover for 2019 and the Apocalypse Horseman

*The Economist* is a globalist financial publication which puts out a special annual prediction edition. The edition for 2019, published in December 2018, their 33rd edition, is the cover to pay attention to. This issue has coded illustrations on the cover. Amongst the drawings, it had the four horsemen of the Apocalypse. The illustration did not show them in proper order but it is interesting to note one

described in Revelation:

1 And I saw when the Lamb opened one of the seals, and I heard, as it were the noise of thunder, one of the four beasts saying, Come and see. 2 And I saw, and behold a white horse: and he that sat on him had a bow; and a crown was given unto him: and he went forth conquering, and to conquer.

Revelation 6:1-2

In *The Economist* graphic, we see this horseman (the second from the right). He had the Statue of Liberty crown and, what is hard to see, sure looks like the Covid face masks! Remember, this was published for 2019. Sure looking like this was part of an orchestrated plan.

We need to pay attention to some of the details the Greek underlying text reveals on this horseman.

The *second* horseman in Revelation 6:3-4 went forth with a sword and killed many. We need to note the horseman of verses 1-2 did not actually go to slaughter. We are not even told

he took any arrows and we are simply told he, "had a bow". It doesn't say he carried it. Do some digging here and see the Greek word translated as "bow" is primarily understood as a "bow and arrow" type, but not always. Not all Greek dictionaries even bother to mention the secondary meaning of the word, but some do. That is the meaning of some fabric used in some very basic form. The face masks we are seeing fit the bill perfectly. Of course, no one would have ever thought it could have been referring to a face mask in bible translation today, until now.

We are told that horseman went forth to conquer, not necessarily by slaughtering. That was the next horseman who did that. Conquering means to bring into subjection! Isn't that what a forced initiation ceremony, subject to the new world order, where we have lost the right of free speech, is? We are to be automatons of slavery for the elite's pleasure! "Coincidence?"

### 5. Dutch Study of "gold standard proof" ignored by many government authorities

The Danish mask

study was so large and well-done that it met the “gold standard” of medical scientific research. You don’t ignore such thorough research, unless you have another agenda. This study found that high-quality surgical masks with a filtration rate of 98% proved of no benefit in preventing the spread of Corona Virus. The study indicated the mask wearing potentially was even counter-productive.

This study is not unknown in the medical/health community, yet we see government health boards passing “mask mandates” to prevent the spread of Covid. Threatening us with potential arrest, fines, home imprisonment or the like if we don’t don this medically proven ineffective mask. Doesn’t that seem strange to you? Again, more “coincidence” that this mask issue is not really about health.

## **How is it actually a sin for Christians to cooperate in wearing these masks?**

I have uncovered four different issues, by

various Christians, that hold merit.

### **1. Violation of the First Commandment (from Moses’ Ten Commandments)**

3 Thou shalt have no other gods before me.

Exodus 20:3

I will outline the points as I heard presented.

The masks do not protect people from Covid but people are wearing them with a false confidence of security. Like reasoning we haven’t had bad luck these past seven years because we haven’t broken any mirrors. His point was trusting in superstition, which is what masks are in this war on Covid. People are trusting in a false “saviour” to keep them from all harm. There is one God and Saviour in whom we are to trust, not worthless charms, such as the masks to Covid. To trust in such charms violates the first commandment: charms are other gods.

He continued addressing those who argue they know they don’t work but will do it for the sake of peace

with friends, family or community. He said that was unacceptable just as much as it would have been in the Apostle Paul’s day to argue continuing in any of the paganism imbedded in their life and culture because it just helped maintain peace with friends, family or community. As Christians, we must flee all “charms” that are an assault on the first commandment.

It did take a little mulling over this message to understand it clearly, but after careful thought, I did have to agree he raised a valid objection.

To help in the consideration from this angle, I would like to finish with this simple illustration:

Imagine having your own taxi business in New York. Add to this the fantasy that it became all the rage to have a “lucky rabbit’s foot” to protect your taxi. The people all start feeling safer when they ride in a taxi where they see the rabbit’s foot hanging from the rear-view mirror. You are a Christian taxi driver and know “lucky rabbit’s feet” are a wicked superstition and refuse to hang one from your mirror. You notice your customer count drops to about 10 percent what

it once was. You cannot afford this loss for long! What do you do? Do you compromise to idolatry for income sake? As a Christian, the answer is obvious.

### **2. Helping fear monger the naive**

As Christians, we are to warn people of an eternity in hell that awaits all who do not turn to God in repentance and faith in the saving work of Jesus Christ. That is the right kind of putting people in fear.

The bad kind is to do something like wearing masks everywhere we go, keeping many people wound up in constant terror from Covid. There are many out there who are terrified, and never allowed to forget this constant drum-beating, the likes of *Tokyo-Rose CNN* and *Lord Haw-Haw NBC* keep spouting off with daily tabulations of ALLEGED death-tolls from Covid.

Wearing these masks helps to keep these people in a state of constant terror, absolutely unnecessarily! This is cruel fear-mongering. Christians SHOULD HAVE NO PART IN IT!

### **3. Health issue**

As I pointed out in

the Danish study, they mentioned the possible negative aspects of constant mask wearing.

In a number of businesses, where my wife has talked with managers, she told me of their distress due to numerous employees suffering constant sinus infections and lung-related problems because they are wearing these masks all day at work.

This mask wearing is not the healthy way God designed us to live. It violates the laws of nature He has set in motion for our health. We will reap the consequences when we ignore them. Moreover, if we are a business owner or manager who forces employees to wear these to the detriment of their health, THIS IS A SIN AGAINST THESE WORKERS. We should be ashamed of ourselves. How can we go around calling ourselves Christians when we treat those under us in such a wicked manner?

#### **4. Occult ritual for the new world order**

Those involved in the occult, which includes

those seeking to set up a new world order, are very attentive to symbology and rituals. Just check the abominable *Georgia Guidestones*. That is what *they* are all about.

I have referenced the article at [www.haveyenetread.com](http://www.haveyenetread.com) which thoroughly covers this aspect. Please read that article for understanding the occult rituals at play.

The wickedness of this issue faces off with who is ultimately Lord: The god of the new world order (the antichrist and satan) or Jesus Christ.

This sin ultimately hinges on, “Do we remain faithful to Jesus as Lord, or will we don the mask as an initiate into the new world order?”

### **In Conclusion**

At some point in our lives we will come into conflict with someone in order to be faithful to Jesus. This may be with an employer, which might cost you your job, or it may even be with government and risk fines or imprisonment.

We must be ready, as faithful followers of Jesus, for this.

One must realize satan will not always make the reason clear. Standing for Jesus means doing right, not just standing on the side of good doctrine. The devil has often persecuted on the basis of some alleged legal infraction. They need to make it sound like they bring suffering for just and righteous reasons: “We need to lock you up for public health and safety” not “we are locking you away because you are bucking the new globalist regime.” This is the way it has always been. Look at the Christian martyrs of ancient Rome.

At this point I want to give an example I read in someone’s comment under a video of a Catholic priest who was presenting his position of the violation of the first commandment. I certainly do not stand with Roman Catholicism, but he did have a good point and was willing to suffer alone for being faithful to his conviction. Indeed this is commendable. Anyway, someone who

was a Catholic, told in the comments below his video how they were at their church and the rector went up, at the beginning of the service, and told the congregation they would not continue the service until the two people in the pews, who were not wearing masks, left. This is shocking! Though this was at a Roman Catholic church, I have no doubt some Christian churches presented the same marching orders to their congregations. With that in mind, I want to close this message with the words of Jesus:

11 Blessed are ye, when men shall revile you, and persecute you, and shall say all manner of evil against you falsely, for my sake.  
12 Rejoice, and be exceeding glad: for great is your reward in heaven: for so persecuted they the prophets which were before you.

Matthew 5:11-12
